Feedback Requested on Homecoming 2017

The Homecoming Coordinating Committee and the offices that help plan Homecoming events would appreciate your feedback on this year's events! A survey can be accessed at <http://baseline.campuslabs.com/fhsu/homecoming17> and should only take 5-10 minutes to complete.

The information collected from this annual survey helps the committee make decisions about events and how we coordinate between offices and our community partners. Whether you were an active participant in Homecoming activities or not, we would like to hear from you.

At the end of this year's survey, you will also be asked to provide feedback on the 2018 Homecoming Theme.

Be sure to let your voice be heard! Thank you!

-Homecoming Coordinating Committee

Fresh Food Friday

This week's Fresh Food Friday's featured item is Avacados!

Due to the limited number of the offering, we are only able to give out one per person. Various other herbs and veggies from the Victor E Garden will also be available. Distribution will begin at 1:00pm, in the Tiger Food Exchange (located on the main floor of the Forsyth Library).

Contact Shane at sfkeller2@mail.fhsu.edu with any questions.

United Way Campaign

Thank you Tiger Community! As of noon on Thursday, October 19, we have raised \$36,991.70. Alumni, Human Resources, International Student Services and Student Affairs offices have hit 100% donations and will be receiving a Popt and Pop Party today.

Your donation to the United Way helps fund:

- Western Kansas Association on the Concerns of Disabled – located at 105A East 27th and provides Transportation Work Voucher Program
- Mission statement – Committed to providing well rounded services and advocacy to individuals with disabilities with an emphasis on independent living, transportation, and employment.

Remember all of the money raised stays right here in Ellis County!

Security Awareness Training – Due October 31!

Over 70% of full-time and part-time faculty, staff, and adjunct faculty have finished Security Awareness Training! But this means there are still over 250 people who need to finish training before the October 31 deadline! Remember that your TigerNetID will be disabled if you fail to complete training by the deadline.

Anyone who has not completed training will continue receiving automated reminder emails from “FHSU Security Awareness.” These emails will become more frequent as the deadline approaches. If you get one of these emails, you need to login and complete your training!

Vice Presidents, Deans, Chairs, and other department heads have received lists of people who report to them and what their training status is. I will send updated lists every couple of days as we approach the deadline.

Answers to frequently asked questions:

Do my student employees or graduate assistants need trained?

Not yet. Temporary employees, student employees, and graduate assistants will begin training in November. You'll receive more info once we get through the full-time and part-time folks!

When I log in, it says my account is not provisioned.

Are you a temporary employee, student employee, or graduate assistant? If so, your account will be provisioned in November and the **October 31** deadline doesn't apply to you. If you are full-time or part-time faculty, staff, or adjunct faculty, then contact Jessica States about this error message.

Is my training complete?

You will receive an email at your official fhsu.edu email account when your training is complete. The subject is "Training Complete: You have completed your Security Awareness Training"

You can also check if you've completed training by logging into the training web site. If you're done, there is text at the top that reads, "You have completed all required training for Security Awareness Training." If this text is not visible, look for any modules with a gray background. Incomplete modules are gray, and completed modules are blue.

Do I need to tell someone my training is complete?

No, there's no need to inform anyone unless your manager/chair/supervisor specifically asks you to tell them you're finished. The training system records your progress and marks your account "complete" after you complete all of the modules.

The videos don't play or the buttons don't work!

Sounds like you're using Internet Explorer! Open the training web site in Firefox or Chrome. Your email client may automatically open links in Internet Explorer, so you may need to take some extra steps to make sure you're using Firefox or Chrome. Follow the directions under "How do I get to the training?"

How do I get to the training?

Visit this web site in **Firefox or Chrome**: <https://sso.securingthehuman.org/fhsu/main.php>.

Or, you can find links to the training on the FHSU web page. Click Faculty/Staff in the top black bar, then either For Faculty or For Staff. There's a link under Technology Resources.

Health Insurance Elections

Health insurance elections for calendar year 2018 must be made prior to the end of this month. The Human Resource Office advises your enrollment is completed by **Wednesday, October 25**.

IMPORTANT: If an employee currently has medical coverage in Plan A or Plan C, they will automatically be enrolled in Plan N for next year if they do not enroll in the portal.

The enrollment portal is located at <https://sehp.member.hrissuite.com/>. If you do not know your password for the Health Insurance enrollment portal, you will need your State of Kansas Employee ID. To locate your ID, log into Workday. Click on your photo/cloud and select VIEW PROFILE. Scroll to the bottom on the left side and select PERSONAL. Select the IDs tab and the State of Kansas Employee ID is located near the bottom of the screen. It is no longer available on your pay slips.

New with this year's open enrollment is Metropolitan Life. This supplemental insurance includes Accident insurance, Hospital Indemnity insurance and Critical Illness insurance. More information is available at http://www.kdheks.gov/hcf/sehp/met_life.htm.

Also new in the portal is the election to OPT-IN or OPT-OUT of receiving your 1095-C form. Opt-In will allow you to log into the portal and print your form in January. Opt-Out will mail the form to your home address.

When you finish your enrollment, click SAVE AND SUBMIT and print your pending elections statement. If you will be receiving HSA/HRA contributions, the amount will show \$0 on your statement. The amount will be updated at the time of the contribution.

More Capabilities with your VoIP Phone: CommPortal

How would you like to search for an FHSU phone extension, and with one click, call that extension; how about update/change your voicemail pin; listen to a voicemail message on your phone or mobile device; or send an incoming call directly from your computer? With the recent phone conversion & new VoIP phones installed throughout campus, YOU CAN! You can do all these things and much more from your desktop and/or laptop computer by using CommPortal.

CommPortal is an application that allows you to configure various settings and features for your FHSU Polycom phone extension. It can be accessed using an Internet browser or installed as an application onto a Windows computer for convenient desktop toolbar access. User guides on how to use and/or install CommPortal can be found on our FHSU Telecommunications webpage, www.fhsu.edu/telecom.

- Access CommPortal from your internet browser / Download & Install the CommPortal Assistant: [Click here](#)
- Use the CommPortal Call Manager to set up rules and schedules for routing incoming calls: [Click here](#)

Nex-Tech, along with our Telecommunications department, will be providing open lab sessions to allow each of you the opportunity to stop by, discuss any questions you may have regarding CommPortal, or receive assistance installing the application to your computer. Currently, there are two (2) come-and-go sessions available to attend (see below).

- Thursday, October 26: 1:00pm – 3:00pm
- Friday, October 27: 9:00am – 11:00am

Because these sessions are come-and-go, it is recommended that you review the information provided on the Telecom website prior to attending.

Upcoming Changes in Filing Claims for Injuries at Work

As in the past, an employee must report any work-related injury to his/her supervisor. The injured employee's supervisor is responsible for filing a claim through the SSIF portal.

The State Self Insurance Fund has sent the following announcement:

The State Self Insurance Fund (SSIF) is excited to announce the launch of a new web portal to enter claims electronically. When you access the link below, you can complete the required fields and submit the claim. The attachment contains the information required to submit a claim electronically. After submitting the claim, you will receive a confirmation email (to the email provided in the web portal claim submission process) along with a claim number. The information you entered will go directly into SSIF's database allowing for a real-time submission of the claim which will benefit the injured employee and assist the staff authorizing/directing medical treatment and answering questions in general in a more timely manner for the injured employee. All other documentation, return to work slips, etc. should be emailed to wc1101a@ks.gov. There will be a transition period where SSIF accepts claims via paper, email, fax and web portal. Beginning November 1, 2017, SSIF will no longer accept mailed, faxed or emailed paper claim forms. All claims will need to be submitted through the SSIF web portal. If you have any questions, please contact SSIF at 785-296-2364 or via email at wc1101a@ks.gov.

You may access the SSIF portal through this link: <https://kansas.systemasoft.com/Sims/PortalNew.aspx?insurancelineid=1>.

If an employee suffers a life-threatening or limb-threatening injury at work, he/she should immediately be taken to the nearest Emergency Room. For less serious injuries, the employee should call/go to the Work Smart Clinic, located in the Hays Family Medicine Building, 2509 Canterbury, Hays, KS; Phone: 785-623-6270.

Additional information is available at www.fhsu.edu/physicalplant/environmental-and-safety/work-related-injuries/.

Red Flag Campaign

October is Domestic Violence Awareness Month, and the Women's Leadership Project will once again be holding the Red Flag Campaign here on campus. We will be promoting a bystander intervention strategy to address and prevent sexual assault, dating violence, and stalking on college campuses. The campaign encourages friends and other campus community members to say something when they see warning signs ("red flags") for sexual assault, dating violence, or stalking in a friend's relationship.

Visit the Red Flag Campaign's website at www.theredflagcampaign.org.

For more information, or if you have any questions, please contact us at womensleadershipproject@fhsu.edu or call us at 768-628-4312.

Tiger "Make a Difference" Project

Monday, October 16, to Friday, November 3

Make A Difference Day is one of the largest annual single-days of service nationwide. Volunteers from around the nation come together with a common mission: to improve the lives of others. Tigers and friends near and far, are encouraged to participate in our Tiger “Make a Difference” Project. Instead of one day, our project runs from October 16 – November 3, to allow individuals more of an opportunity to participate.

Tigers here and from across the globe are invited to work with a local organization or service project in their home community. Those conducting service are requested to [submit photos, number of hours worked and/or testimonials](#) about their experiences to the Alumni Association, which will then be shared socially with the Tiger family. *Submission deadline: Friday, November 3.* Visit our [Volunteer Resources](#) page to learn more about volunteer opportunities.

Here in Hays, the [FHSU Alumni Association](#) along with [Golden Belt Bank](#), [Tigers In Service](#), the [FHSU Student Government Association](#) and [Tiger Athletics](#) will be collecting items in support of the [USD 489 Hope Pantry](#).

The pantry, established in 2015, assists homeless families and families that are at-risk of being homeless by providing them with food, clothing and other items needed to support themselves when school is not in session, especially over the holiday breaks. Visit the [Hope Pantry information page](#) to learn more about the program as well as lists of items needed.

In support of this effort, on **Saturday, October 28**, the official “Make a Difference Day,” Tiger fans attending the **FHSU vs. Emporia State football game at 2 p.m.** are invited to bring one or more items (*non-perishable food, new clothing, hygiene projects*) or consider making a monetary donation to the Hope Pantry. Collection sites will be located at entry gates to Lewis Field Stadium. Those who contribute will receive a drawing ticket for an exclusive Tiger Tailgate Package, including a reserved tailgating spot for the 2018 football season along with a cooler and all of the gear you need for the perfect tailgate party experience! Prize package will be given away at halftime. Also, a few lucky attendees will be selected to participate in a halftime activity bringing further awareness to the cause.

Not able to attend the game? Collection boxes are located at the Robbins Center, One Tiger Place; inside the Memorial Union (near Starbucks), 600 Park St; and Golden Belt Bank, 1101 E 27th St, **from October 16 – November 3**. FHSU students are also encouraged to participate. A friendly competition among the student organizations is being implemented by the Student Government Association to see who can complete the most service hours during the project timeframe.

Special thanks is extended to Golden Belt Bank for sponsoring the Tiger “Make a Difference” Project. Thanks also to our partner organizations for assisting in the coordination of this special event.
